NCQC is striving for "Precision" and "Reliability"

National Centre For Quality Calibration (NCQC), is incorporated in 1998 by Mr. Devang Jhaveri. NCQC has infrastructure in terms of precise and sophisticated masters, skill personnel (B.E., MBA) and controlled environment condition as per NABL requirements. NCQC is ISO/IEC 17025:2005 accredited since 2000 by NABL for dimensional, thermal, pressure, electro - technical parameters.

NCQC Calibration Laboratory provides National / International Traceability for Temperature, Force, Dimensional, Validation, Pressure, Vacuum, Time, Mass, Electrical, Noise, Airflow, Lux, Humidity, Analytical Instruments, Laboratory Equipments & all Special Purpose Instruments in all ranges.

The Strength of NCQC

Numbers of instruments calibrated so far 1,50,000 Approx.
Numbers of companies have used our services 25,000 Approx.

Why Customers Prefer Our Calibration Services

- Highly sophisticated costly master instruments to serve needs of calibration.
- Full-fledged facilities for calibration of the instruments related to temperature, pressure, vacuum, time, mass, linear measurement and electrical instruments.
- Dust free, vibration proof, properly illuminated, temperature and humidity etc., are maintained to control environment in the standard room.
- Well experienced technical persons mainly engineers in the different disciplines
- We provide Calibration Report, Long lasting sticker and copy of master having National/ International traceability.
- Reputation in the market for Quick delivery, Reliability and Competitive rate
- Govt. Organizations and Companies like Western Railway, IOC, ONGC, Cadila, GEB, Tata group of companies, Reliance, Hindustan Lever, L & T, Colourtex, etc. are in list of our valuable customers.
- Our Calibration reports are acceptable to all ISO certifying bodies, Multinational Companies and Govt. Tender requirements.

OUR CLIENTS

WE HAD CLIENTS IN ALL TYPES OF INDUSTRIES & SERVICE SECTORS IN INDIA AND GLOBALLY.

- Chemical Process House
- Petroleum Refinery and Gas Sector
- Transmission Towers
- Construction and Infrastructure
- Software & Automation System
- All Types of Laboratories, Pharmaceutical
- Automobile Components
- Machine Manufacture (Plastic, Textiles, Pharma)
- Cement, Food Industries
- Engineering (Valves, Pumps, Motors, Bearings, Rollers)
- Government Organizations
- Instrumentation (Pressure Gauges & Electronics Measuring Instruments)
- Civil Construction, Hospitals
- Textile (Fabrics, Denim, Towels, Suiting, Filament Yarn)
- Service Sector and Traders
- Engineering (Valves, Pumps, Motors, Bearings, Rollers)
- Power Plants, Steel Plants
- Chemicals, Dyestuff, Intermediates & Pigments
- Colleges and Schools
- Oil Manufacture, Electronics
- Diamond & Jewelers
- Telephone Cables
