**CONSULTANCY**

**QUALIFICATION**

**VALIDATION**

## Why Customer Prefer NCQC:

**NABL ACCREDITED**  
Accredited as per  
ISO/IEC 17025:2017  
by NABL.

**EXPERIENCED TEAM**  
Well qualified & skilled  
engineers with rich  
industry experience.

**ADVANCED FACILITIES**  
Modern labs with high  
accuracy standards &  
controlled environment.

**WIDE RANGE**  
Calibrate for a wide  
range of instruments  
under one roof.

**QUICK TURNAROUND**  
Efficient processes for  
faster delivery without  
compromising quality.

**TRACEABILITY**  
National & international  
traceability to recognized  
standards.

# ABOUT NCQC LABORATORY LLP

NCQC Laboratory LLP is a NABL accredited instrument calibration laboratory established in 1998 with a vision to provide precise, reliable and traceable calibration services to industries across India.

We are accredited as per ISO/IEC 17025:2017 by NABL for dimensional, thermal, pressure, force, volume and various electro-technical parameters.

With state-of-the-art infrastructure, controlled environment, highly experienced engineers and advanced calibration standards, we deliver accuracy you can trust.

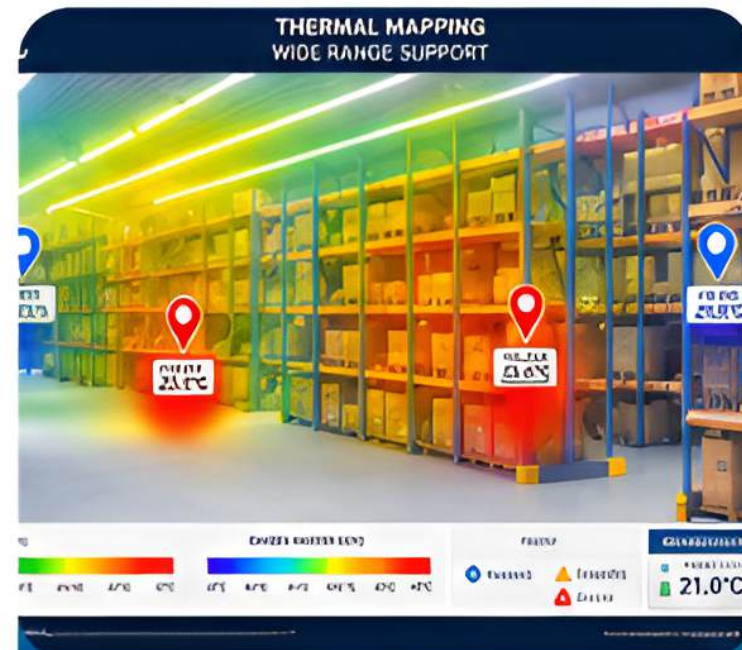

TRUSTED BY LEADING INDUSTRIES ACROSS INDIA FOR ACCURACY AND RELIABILITY.

## Our Valuable Services:

TRAINING & CERTIFICATION

THERMAL VALIDATION

CALIBRATION SERVICE VEHICLE

CALIBRATION

QUALIFICATION

# COMPREHENSIVE CALIBRATION SERVICES

We calibrate a wide range of instruments across multiple disciplines with precision and per NABL requirements.

## 1. Dimensional Instruments

Calibration of all dimensional instruments like Vernier Calipers, Micrometers, Dial Gauges, Height Gauges, Slip Gauges, Bevel Protectors, and more.

## 2. Electro- Technical Instruments

Calibration of electrical instruments including Multimeters, Clamp Meters, Insulation Testers, Power Analyzers, Units, Oscilloscopes, and more.

## 3. Thermal Instruments

Calibration of Temperature Indicators, RTDs, Thermocouples, Temperature Controllers, Data Loggers, Thermometers, and more.

## 4. Force, Hardness & Torque

Calibration of Force Gauges, Torque Wrenches, Hardness Testers, Compression Testing Machines, and related instruments.

## 5. Mass & Volume

Calibration of Weighing Balances, Mass Standards, Volumetric Glassware, Pipettes, Burettes, and Measuring Cylinders.

## 6. Medical Devices Instruments

Calibration of Medical Devices including Patient Monitors, Infusion Pumps, ECG Machines, Defibrillators, and more.

## 7. Viscosity and Air Flow

Calibration of Medical Devices including Patient Monitors, Infusion Pumps, ECG Machines, Defibrillators, and more.

## 8. Pharma Services

Validation Services for Temperature Mapping, HVAC Systems, Clean Rooms, Autoclaves, Refrigerators, and more.

## 9. Pressure Instruments

Calibration of Weighing Balances, Mass Standards, Volumetric Glassware, Pipettes, Burettes, and Measuring Cylinders.

## 10. Acceleration and Speed

Calibration of Tachometers, Vibration Meters, Accelerometers, and other speed related measuring instruments.

## 11. Flow Meter Service

Calibration of Flow Meters including Rotameters, Electromagnetic Flow Meters, Ultrasonic Flow Meters, and more.

## INSTRUMENTS WE CALIBRATE

Vernier Calipers & Micrometers

Dial Indicators & Gauges

Height & Depth Gauges

Torque Wrenches & Analyzers

Pressure Gauges & Transducers

Temperature Indicators & Controllers

Thermocouples & RTDs

Multimeters & Clamp Meters

Power Supplies

Oscilloscopes

Insulation Testers

Process Calibrators

Flow Meters

pH & Conductivity Meters

Balances & Scales

Pipettes & Burettes

Volumetric Glassware

Syringes

Hardness Testers

Universal Testing Machines

Environmental Chambers

## FLEXIBLE SERVICE DELIVERY MODEL

### IN-LAB CALIBRATION

Calibrations performed at our state-of-the-art laboratory with controlled environment and advanced standards.

### ON-SITE CALIBRATION

We come to your facility and calibrate your instruments minimizing downtime and ensuring convenience.

### PICKUP & RETURN SERVICE

We pick up your instruments, calibrate in our lab and return with complete calibration certificate & report.

### REMOTE SUPPORT

Technical assistance, calibration advice and documentation support from our expert team, anytime.

Precision in Every Measurement. Accuracy in Every Result.

PRECISE MEASUREMENTS

CERTIFIED ACCURACY

ON-TIME DELIVERY

COMPETITIVE PRICING

CONTINUOUS IMPROVEMENT

# INDUSTRIES WE SERVE

We provide high-precision calibration services to a wide range of industries, ensuring accuracy, compliance, and reliability in every critical process.

## PHARMACEUTICAL

Ensuring accuracy in critical manufacturing and laboratory processes.

## PETROCHEMICAL & REFINERY

Supporting safety, efficiency and regulatory compliance.

## POWER PLANTS & ENERGY

Maintaining reliability in high-performance environments.

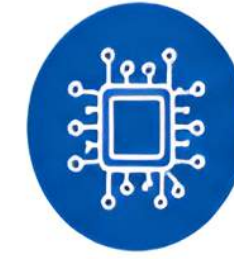

## TEXTILE

Precision calibration for quality production and process control.

## ENGINEERING & MANUFACTURING

Delivering reliability for machinery and production equipment.

## ELECTRONICS & SEMICONDUCTORS

Precision calibration for advanced electronic manufacturing.

## RESEARCH & TESTING LABORATORIES

Enabling accurate results and dependable measurements.

## AUTOMATION & PROCESS CONTROL

Ensuring precision in instruments and control systems.

## GOVERNMENT & PUBLIC SECTOR

Meeting stringent standards for safety and compliance.

## HOSPITALS & HEALTHCARE

Supporting life-critical equipment with accurate calibration.

## AUTOMOTIVE

Ensuring accuracy in testing and quality assurance systems.

## EDUCATIONAL & INSTITUTIONS

Supporting scientific excellence and learning.

### OUR TRUST IN NUMBERS

**2000+**

SATISFIED CLIENTS  
Across diverse industries in India.

**4 MILLION+**

INSTRUMENTS CALIBRATED  
Delivering accuracy and assurance every day.

**PAN INDIA**

PRESENCE  
Strong network with multiple branches.

**28+**

YEARS OF EXPERTISE  
Delivering precision since decades.

### TRUSTED BY LEADING ORGANIZATIONS

adani

torrent PHARMA

And many more across Pharmaceuticals, Chemicals, Engineering, Power, Automotive & beyond.

### OUR COMMITMENT

We are committed to delivering accurate, reliable, and traceable calibration services that help industries maintain quality, ensure safety, and achieve excellence.

# STATE-OF-THE-ART INFRASTRUCTURE

Our laboratory is equipped with advanced calibration instruments, maintained in a controlled environment to ensure the highest level of accuracy, reliability and repeatability in every calibration.

## CONTROLLED ENVIRONMENT

Temperature & humidity controlled laboratories

## QUALITY ASSURANCE

Strict quality control procedures and validation

## HIGH PRECISION MASTERS

Calibrated using National/International Standards

## EXPERIENCED TECHNICAL TEAM

Skilled & trained engineers ensuring accurate results

## OUR CALIBRATION LABORATORIES

Mass and Volume Calibration Lab.

Thermal Calibration Laboratory

Pressure Laboratory

Electro-Technical Calibration Lab.

Force and Torque Laboratory

Dimensional Laboratory

# YOUR TRUSTED PARTNER IN PRECISION & RELIABILITY

With advanced infrastructure and highly experienced team, NCQC Laboratory LLP ensures accuracy, compliance, and confidence in every calibration.

## ACCURATE

Results you can trust

## RELIABLE

Consistent & dependable

## ACCREDITED

ISO/IEC 17025:2017

## QUICK

Fast turnaround & on-time delivery

# NCQC

LABORATORY LLP

#1 Calibration Laboratory In Gujarat

## OUR SERVICES

### CALIBRATIONS

We provide accurate and reliable calibration of a wide range of instruments to ensure they meet industry standards. ISO/IEC 17025:2017 traceability ensures measurement reliability and regulatory compliance.

### QUALIFICATION

We provide qualification services (IQ/OO/PO) to ensure that instruments, systems, and facilities are installed correctly, operate consistently, and perform as intended in your defined environment.

### VALIDATION

We offer process validation services to ensure your processes consistently meet predefined criteria, ensuring quality standards, regulatory compliance, and operational efficiency.

### CONSULTATION

Consultancy provided for Calibration Laboratory Setup and ISO/IEC 17025 Accreditation to more than 200 laboratories, making us one of the most experienced service providers in Asia.

### TRAINING

75+ Expert-Led Training Courses on Calibration and ISO/IEC 17025 Accreditation.  
6 Public Seminars Conducted Across 5 Countries, Empowering Laboratory Professionals Globally.

## WHAT OUR CLIENTS SAY

### Silent Instruments Pvt. Ltd.

Excellent calibration services with high accuracy and quick turnaround. The team is professional, responsive, and ensures complete compliance with quality standards.

### Neelkanth Polymers Pvt. Ltd.

Very reliable and precise calibration support. Their technical expertise, advanced equipment, and customer-centric approach make them our trusted calibration partner.

### Shree Bhagwati Mactech (I) Pvt. Ltd.

Impressed with their service quality and timely support. Reports are accurate, well-documented, and handled by experienced professionals.
